E-Portfolio

Submit Assignment

Due Dec 9 by 11:59pm   **Points** 100   **Submitting** a website url

After the presentation has received a score/grade, post your presentation in your SLCC General Education E-Portfolio. Post the entire presentation so that people observing your e-portfolio can see the details that are in your presenter's notes. I must see the entire file posted, not just PDF's or slides of the presentation.

In addition, SLCC requires that you write a reflection on the assignment and the course, but at least the assignment. It should be about a paragraph long, 6-8 sentences or there about.

Information on creating an e-portfolio can be found at:

After you have posted on your e-portfolio simply copy the web address and submit at the link at the top of the page.
